'Nother thing you can thank the Wo-man's club for. While some of these good ladies have been discussing civil service reform and household economics and other sich like matters of governmental and residential policy, don't you for one moment think they haven't also had their eyes and their nostrils offended by the old papers, tin cans, and de-cayed vegetation which the ungodly have cast into the streets of the city of Palatka and county of Putnam, in plain violation of the ordinances made and provided by the Council of Fourteen. We, some of the principle employers of labor in Palatka, knowing that a return of the saloons here would injure our business, would earnestly request, that unless they would be of special good to you, that you assist us in preventing a return of them; which you can do, by asking the County Commissioners to remove your name from the petiers to remove your name from the peti-tion, and thereby do us a kindness, as well as save the county several hundred dollars expense. Precinct No. ..., Jan..... 1910. To the Honorable Board of County Commissioners for Putnam County.

Gentlemen:—
When you canvass the petition asking your honorable body to call a "wet or dry" election, please do me the kindness of removing my name. Yours truly,

Mr. Tilghman's Appeal. Editor Palatka News.

In your last issue for 1909 you told of the wonderful business our merchants had during Christmas. In your today's issue you will tell what some of the prominent employers of labor say rela-tive to the saloon question, and that they ask the people of Putnam county not to call the election. The reader may also see in your columns the action of the W. C. T. U. urging men to help them instead of the saloon element. No doubt many would like to know who are ask ing for a return of the saloons. I will say for their information that it is a very different class of people. Very few white church members are on the petiwhite church members are on the peti-tion from the city precincts—a good horse would pull them all at one load. Some of our good colored people are ashamed at the way members of their race have fallen into the trap of the saloon people. They forgot their prom-ises to be soldiers for Christ, and have, like Judas of old, sold and deserted Him, and have joined the army of those that take no stock in religion; even some col-ored preachers have done thus. In ored preachers have done thus. In Palatka there are seven voting places, two of which are known as the negro wards.
